THIS COPY IS FREE AND MAY BE DISTRIBUTED

These tablets first produced in the book *Keys of Ocat* by S. Connolly, 2012

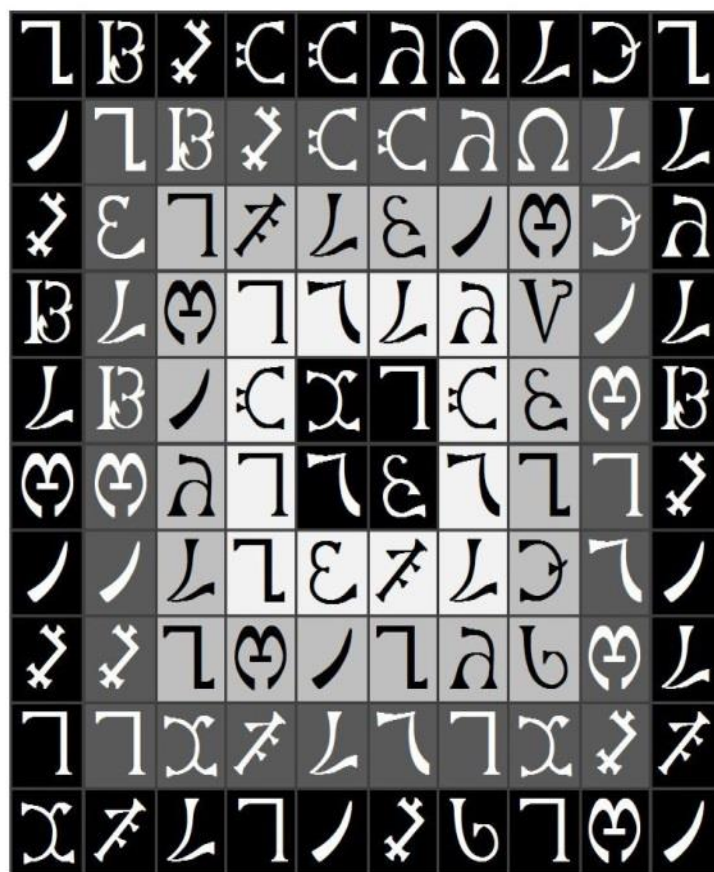

ABOUT THE FREE VERSION: The free version of this supplement does not contain everything in the print version. For \$12 you can go onto Amazon and get the full version. In the print version, the tablets are larger, their use is explained, and the print version supplement contains something even *Keys of Ocat* itself does not – explanation behind the construction of the tablets.

To learn more about using these tablets, see *Keys of Ocat: A Grimoire of Daemonolatry Nygromancye* by S. Connolly. This booklet is ultimately a supplement to that book and nothing more. It was created as a way to get the death tablets out to my readers in the manner I intended for readers to see them --- large and in full color. They lose something in the transition to black and white. Due to budget concerns, we were unable to have them printed in *Keys of Ocat* in full color. They're "Keys" for a reason. The magus having the plates in full color goes a long way to that end.
